SUPERVISORS HOLD REGULAR MEETING

The board of supervisors met in
regular session Monday, April 19,
there being present Jos. M. Francis,
presiding; Jas. T. Casey, Wm. H.
Brown, John MacBain and C. V.
Thompson.

The report of the superintendent
of the County Farm and Hospi-
tal for the month of March, show-
ed that he had taken care of sev-
enteen inmates, five of which had
been discharged.

The report of Justice of the
Peace Ellis C. Johnson of Daly
City, on the inquest held on the
body of an unknown man killed by
a train, at San Bruno, was read
and ordered filed.

The report of the four traffic of-
ficers—Brown, Logan, Lowman and
Vallejo—were read and ordered filed.
Mrs. Victor Roussel of Belmont
petitioned the board for state aid
for her two half orphan children.
On motion of Brown, seconded by
Casey, she was allowed \$6.25 a
month for each of the children.

Mrs. Lena Drummond of Daly
City also petitioned for state aid
for her half orphan child, and on mo-
tion of Casey, seconded by Mac-
Bain, was granted \$6.25 a month.

The petition of C. Petroni of
Princeton, for permission to re-
move his liquor license across the
road to his new location, was grant-
ed on motion of Casey, seconded by
Brown.

A communication was received
from the town of San Bruno ask-
ing permission to use a building
there belonging to the county for a
town jail. On motion of Casey,
seconded by Brown, the permission
was granted on the condition that
the county would use the jail when
necessary.

The petition of E. H. Griffen and
other residents of Lomita Park for
all-night lighting service for the Lo-
mita Park Highlands District, was
granted.

A communication from District
Attorney Swart was read, in which
he stated that he was doing ev-
erything that could be done at the
present time in reference to the
condemnatory proceedings that were
instituted to secure a right of
way for the state highway between
Berkeley and Redwood City.

Supervisor Brown very forcibly
expressed dissatisfaction over the
delay in securing the right of way,
but could see no way of remedy-
ing the matter, but let it take the
course outlined by the district
attorney.

A communication was read from
the district attorney in reference
to the claim of Surveyor Jas. V.
Neuman, for making partial esti-
mates for contractors for the pur-
pose of making progressive pay-
ments. The district attorney ad-
vised the board that it could legal-
ly pay a claim by the surveyor
for such service.

Owing to the absence of the dis-
trict attorney, the matter of the
petition to open Randal avenue, lead-
ing to the De las Pulgas road, was
laid over until the next meeting.

Judge Fitzpatrick, representing
the Spring Valley Water Company,
appeared before the board and ask-
ed that the matter of the petition
for the formation of the Colma San-
itary district be laid over until the
next meeting in order to get time
to collect certain data relative
thereto. The request was granted.

August Surtman appeared before
the board in reference to damages
done his property on account of the
construction of a road through it
at San Gregorio. Mr. Surtman made
an impassioned appeal to the su-
pervisors, asking for a fair com-
pensation for the amount of dam-
age done. Judge Fitzpatrick ad-
dressed the board in behalf of Mr.
Surtman.

The board was of the unanimous
opinion that Mr. Surtman had a
just claim and the chairman ap-
pointed a committee, consisting of
County Surveyor Neuman and
Supervisors Thompson and Mac-
Bain, to visit the Surtman property
and report on the amount of dam-
age done.

The board at the same time de-
cided to begin legal proceedings
against one A. H. Schroeder, in
order to recover \$250, which it is
alleged, was obtained under false
pretenses. Schroeder had a lease
last year on the Surtman property
and was allowed the above amount
on account of damages done through
the construction of the county high-
way. It afterwards transpired that
Schroeder's lease had expired some
time before he was allowed the
damages.

L. R. Howard of Palo Alto sub-
mitted to the board, a model of a
patent culvert with removable top,
for carrying off storm waters on
hill side roads.

On motion of Brown, seconded
by Thompson, the San Mateo coun-
ty fair commissioners were em-
powered to engage the services of a
person at a salary of \$125 a
month, who would lecture at the
fair and care for the county ex-
hibit. This would dispense with
the services of the present lec-
turer, whose salary is \$75 a month,
but does nothing else but lecture a
few hours in the day.

E. J. McGettigan of the Penin-
sula Industrial Board again ap-
peared before the supervisors and
urged that some action be taken at
this time toward getting out the ad-
vertising maps showing the various

county roads and highways. Mr.
McGettigan stated that the Indus-
trial Board was willing to turn over
to the supervisors all the mat-
ter connected with the preparing of
the maps, so that the board could
go ahead with the work. It was
the sense of the board that some
amiable settlement could be ar-
ranged between the Industrial
Board and the San Mateo county
Fair Commissioners and upon mo-
tion of Brown, seconded by Thomp-
son, the question of the issuance of
the maps was referred to the com-
missioners.

Surveyor Neuman presented a
communication stating that the con-
tract of James Willison for grading
and making culverts on portions of
Halfmoon Bay to Pescadero road,
was completed. On motion of
Thompson, seconded by MacBain,
the road was accepted.

James Willison, the contrac-
tor, asked for an extension of 30
days on his contract for grading the
John Meyn and the Halfmoon Bay
to Tunitas road. On motion of
Thompson, seconded by Brown,
the extension was granted. Will-
ison was also granted an ex-
tension of thirty days on his con-
tract for grading the Kelly avenue
road.

Supervisor Thompson was grant-
ed permission to purchase for use
in his township, 200 feet of 24-
inch corrugated culvert pipe.

County Treasurer P. P. Cham-
berlain and County Expert E. J. White
were called before the board in re-
ference to the \$115,000 of county
funds, which, according to the re-
port of the expert, have been on de-
posit in various banks since 1910,
drawing interest at the rate of 2
percent. A spirited debate took
place between the two officials. Mr.
White argued that he could see no
reason why there should be such a
big surplus of funds on hand, when
the county needed so much money
to carry on its operating expenses.
Mr. White's contention was that the
money should be used in the ap-
portionment of different funds,
which would reduce the tax rate
of the county.

Mr. Chamberlain explained that
the money was not lying idle in
the banks, but was a part of the
bond issue funds and the money
was used to pay off the bonds and
the interest thereon at stated inter-
vals. Mr. Chamberlain did not
agree with Mr. White that those
funds could be used to relieve the
operating expenses of the county.

As it seemed to be a matter of
difference of opinion between the
county treasurer and the expert re-
garding the disposition of the sur-
plus funds, the board decided that
the only way to get to the bottom
of the affair, would be to make an
analysis of the accounts of all of
the different funds, and this Mr.
White was instructed to do and re-
port at the next meeting.

Adjourned until April 26th.

Invited to Come and Fight
Frank Larrony of this city, of
Larroy Bros., has been ordered by
the French government to return
to his native France and get busy
in the war. But Frank is a citi-
zen of the United States and he
thinks that a life of peace in this
country is better than the trenches
at home and the danger of being
shot, so he has declined. Larrony's
failure to respond is equivalent to
desertion and should he ever re-
turn to France he would be subject
to imprisonment, despite his Amer-
ican citizenship. He will not re-
turn.

FORMER REDWOOD BOY PASSES AWAY IN UTAH.

News has been received of the
death of Maurice Connor, who pass-
ed away in Stockton, Utah, a few
weeks ago. His death was caused
by pneumonia. Maurice Connor will
be recalled by the older residents
as the son of General P. E. Connor,
whose home was on Broadway on
what is now the site of the gram-
mar school. He was born in Red-
wood City and lived here until he
was grown up. He was aged 58
years.

The Connor home, will be re-
membered as the handsomest resi-
dence of its day, with its many
gables. It is now the home of Ex-
Sheriff Mansfield on Hamilton
street.

General Connor was then a weal-
thy man and a former soldier with
a splendid record. His fortune
dwindled away and the family scat-
tered, two of the boys, Maurice and
Edward, going to Utah, the scene
of their father's early triumphs in
military and financial circles. Mau-
rice became a miner and Edward op-
ened a store in Stockton and is
still in business in that city. The
two other sons, is not known. The
whereabouts of Eugene and Hillary,
General's only daughter is the wife
of B. P. Oliver, a successful realty
dealer in San Francisco.

General Connor and his wife
were married in this city in the
early 50's. The old general pass-
ed away in Salt Lake City over
twenty years ago and his wife died
in this city shortly afterward.

steak Bill" of Visitation Valley,
who was convicted of gambling in
Judge Lamb's court at Burlingame,
was sentenced to pay a fine of

months in the county jail. Markt,
after deciding to serve the six
months, and putting in three days
behind the bars, decided that pris-

paid his fine of \$494, six dollars be-
ing deducted for the three days
spent in jail.

The patriotic remarks of William Howard Taft frequently call attention to him as a man who refuses to nurse a grudge. Taft says there are times to show Americanism—not partisanship.

Whenever you hear a man glorifying the past and driving of the good old days, you may be sure that man's physical and intellectual powers are waning, and that he is straggling farther and farther behind in the rush of the world's progress. The best thing about the good old days is that they have not a return ticket.

LA HONDA RANCH REALTY SOLD FOR FANCY PRICE

The University Realty Company of Palo Alto has sold the Frank Langley ranch of 530 acres, adjoining the Rengstorff property near La Honda to Mr. Noyes, a San Francisco capitalist. A fancy price was paid for the property. Mr. Noyes will shortly begin improving the ranch and will erect a fine suburban home there. Frank Langley is the youngest of the Langley brothers who came to La Honda in their youth. As a boy he left for Los Angeles to become a machinist, becoming an expert at his trade he soon became identified with the United Iron Works of which institution he is now the general manager and the principal stockholder. He maintains a palatial home at Venice, the suburban district of Los Angeles and where a great number of wealthy people reside. The property was given to Mr. Langley by his father, who was one of the early pioneers of San Mateo County.

SEQUOIA HIGH DRAMATISTS REGISTER ANOTHER BIG HIT

It was great. That Greek speech. And such love making. Oaky-wow-wow. Whiskey-we-we don't remember how they finish it. But the whole cast of "A Strenuous Life" last night put on one of the cleverest shows ever seen in Redwood. Again Sequoia high dramatists. Tom Pennington, for the time when he buys a gold sash with his friend's money until he gets everything settled, read his lines with the ease and skill of an accomplished comedian and his handling of the leading role was delightful. Stanton Millen proved again his ability as a fun-starter and brought rounds of appreciation from the crowd house. Claire Shields also and fittingly adapted herself to the role of the boarding house widow and her mourning for "poor Mr. Wiggin" truly, was tearfully amusing. Then there was Charles MacNeill, the ohm of Tom, and Marie Uhlenberg, Tom's sister, and Forrest Moody, Tom's father, and Rose Lanfair, Lorraine Dickey, Elthea Thompson, Bob O'Connell, Wesley Looker, Louis Behrens and Stanley Wood—they were all good in the parts for which they were cast.

COUNTY MAY ORDER GRADE CROSSING AT CEMETERY

San Mateo county was authorized yesterday by the Railroad Commission to establish a grade crossing over the Southern Pacific tracks at Holy Cross cemetery and to abandon the underground crossing at that point. The evidence before the commission showed that the underground crossing was partially impassable at certain times of the year, due to the overflow from Colma creek.

San Mateo county will be required to install an automatic flagman or an electric crossing bell for the protection of the crossing, and after installation the Southern Pacific is to assume the cost of maintenance.

STING IS EXTRACTED FROM ANNEXATION BILL

District Attorney Franklin Swart went to Sacramento on Wednesday to confer with Assemblyman Henry Ward Brown in reference to the annexation bill now pending before the legislature and introduced by the San Francisco assemblyman last January. The bill as originally introduced was an one sided and entirely in favor of San Francisco, giving San Mateo county very little to say as to the calling of elections, who the election officers should be, etc. Mr. Swart returned from the capital yesterday and says the bill has been so amended that the person who originally framed it would not recognize it. San Mateo county's interests have been safeguarded in every way, in fact with the amendments it will be almost impossible for the opponents of annexation to ever carry an election in the county. There will have to be four elections before the question will be finally settled. The bill is now peacefully reposing in the committee and it is believed that its slumbers will not be disturbed before the legislature adjourns, which will be within a week or ten days. Assemblyman Brown will go to it that no unnecessary noise is made to awaken it.

PESCADERO CORRESPONDENCE.
L. Coburn and wife left for Redwood City, where he wants to do some more "courting." We never saw a man that enjoys courting as well as he does. He never seems to get tired. He wants everyone to keep on the same straight line he follows. Two and two makes twenty-two—22.

Dr. C. V. Thompson and M. Guilarde are making a road where it has been impassable every winter for the past years. And when finished it will be a job that is a credit to the ones that are doing it and will show that the supervisor and road master understand their business.

A. J. Treat, the former attorney of L. Coburn and one of the principal ones that fought for him for seven years to restore him to competency, was in town Sunday on a fishing trip. We saw L. Coburn give him the glad hand at the Swanton House Sunday morning—everything looked fine.

LOSES LITTLE TIME IN MAKING SECOND VENTURE

On Saturday last Judge Buck granted a final decree of divorce to Eleanor Gilbert from her husband, Allison J. Gilbert. The interlocutory decree was granted on April 19, 1914. At that time the custody of the minor child, Paul Franklin Gilbert, was awarded to the father on his cross complaint. After the signing of the final decree by the court Mr. Gilbert repaired to the county clerk's office where he took out a license to marry Amanda M. Lewis, aged 18 and a resident of this city. Mr. Gilbert gave his age as 27. Mr. Gilbert is employed by the Frank Tanning Company of this city.

CITY CLEANING TIME NOW IN FULL SWING

Redwood City's annual clean up season began yesterday and the work is to be continued enthusiastically until next week. The campaign for this annual house cleaning has been systematically outlined by Trustee DeLeon, in whose charge the work was placed by the city council, and provides for a systematic work which is confidently anticipated will leave, not alone the streets, but every lot, whether occupied or unoccupied, in a spick and span condition. So far, the work seems to have been met with the hearty co-operation of residents of every section.

From this time until the end of the campaign, every owner and renter of property is earnestly requested to do his or her share in assisting in cleaning up all the old tin cans, and everything in the shape of rubbish and trash.

The town has made arrangements, as it did last year, to supply free of charge, garbage wagons throughout the entire time to remove the refuse and debris, which the people are requested to pile up in the street in front of their premises.

This work is in charge of Street Superintendent Dickey and Fire Chief Winter, who have provided competent supervisors for the different precincts. The town has been divided into five precincts, corresponding with the voting districts. The plan of campaign is as follows:

Friday and Saturday—Clean up back yards.

Monday and Tuesday—Clean up front yards and sidewalks.

Wednesday—Clean up adjoining lots and repair and whitewash all fences and sheds.

COBURN'S ATTORNEY FEES UP TO DECISION OF JURY

The suit of R. P. Henshall against Loren Coburn was commenced in the Superior Court before Judge Buck last Wednesday. The forenoon was devoted to securing a jury to try the case. Late in the afternoon a jury was sworn. The aged capitalist is represented by Matt I. Sullivan and E. Cullinan, while Henshall's interests are looked after by Bert Schlesinger, a former United States District Attorney. The case was brought by Henshall to recover fees in the sum of \$19,450 for legal services rendered Coburn during the incompetency proceedings in this city and in San Francisco. Many witnesses were examined by plaintiff, among them being J. Early Craig, Archy Treat, both attorneys who had been employed by Coburn. The only expert witness called was Gavin McNab, the well known San Francisco attorney. He was placed on the stand yesterday and testified that Henshall's services were worth from \$25,000 to \$50,000. George A. Knight and Samuel M. Shortridge were to have given expert testimony yesterday afternoon but they failed to appear and at this point the plaintiff rested his case. Mr. Sullivan made a motion for a non suit on behalf of Sarah Coburn, contending that it was not proven that she had anything to do with the employment of Mr. Henshall. He also moved that the case against Coburn be not suited for the reason that it was not fully shown that Coburn retained Henshall. The court denied the motion for the present, promising to take them up later. The contention of the defense is that Henshall was not employed by Coburn or his wife, but by Treat. The first witness for the defense yesterday afternoon was Mr. Eaton, manager of the Wiedeman interests at Pescadero, and these interests consists of leaseholds of the Coburn property at that place. Mr. Wiedeman was also called late in the afternoon. At the conclusion of his testimony an adjournment was taken until Monday. In all likelihood the case will be given to the jury on Tuesday. It is believed that the decision in this action will have some bearing on the other suits filed by attorneys against Coburn as the verdict far a big fee may have the effect of causing the aged capitalist to compromise with the other lawyers.

He has lived continuously at that place for 56 years. Mr. Watkins came to San Francisco in 1851 and arrived in Redwood City in 1854, when there were only a few houses here and not more than a dozen people. Mr. Watkins is a brother of the late Mrs. Gilbert, who died in this city a few months ago.

FIRE EQUIPMENT TO BE UP TO PEOPLE

Council Preparing to Submit Question of Purchase to Voters of the City

Within a few weeks the question of whether Redwood City shall continue to trust to a continuance of the line of good fortune which has in the past contributed so largely to its safety, or shall be provided with modern means of preventing serious losses by fire is again to be submitted to the voters of the city. This was the conclusion reached by the trustees at their meeting Monday evening, following an extended discussion of a report submitted by Chief Winter of the fire department and its probable cost. After a careful investigation, Chief Winter arrived at the conclusion that the least possible sum for which a reliable auto-chemical wagon could be purchased would be \$6000, to which would be added an equipment of fire hose and other needed accessories, which would probably involve an added cost of about \$1500. In order that these needed additions might be secured without a delay that at any time may prove disastrous, it was recommended that a new bond issue of the necessary amount be authorized. After several fruitless attempts to devise a means of reducing the suggested expense, the trustees concurred in the suggestions offered and in order that there might be no further delays in submitting the question to a decision of the people of the city, who are directly interested in the protection of their property, City Attorney Mansfield was requested to prepare the legal proceedings necessary for the calling of an election at which shall be submitted the question of the issuance of the bonds of the city to the amount of \$7,500 for the purchase of equipment for the fire department. An evidence of the expense of maintenance of the new equipment need not be a serious one, Trustee Sampson stated that he had already been made an offer to furnish an attendant to be on call at any hour, night and day, and to care for the machine and provide the material needed for power for the comparatively insignificant sum of \$50 per month.

With a full board of Trustees present, the regular session of the city council last Monday evening was a record breaker for length of time devoted to discussion of public business, the session lasting until after midnight. Notwithstanding the length of the session, however, but little in the way of general business was disposed of, a great portion of the time being given over to consideration of the ever present problem of a satisfactory adjustment of street improvement demands, with practically nothing in the way of actual results. The only exception of this was the making of a final order directing a call for bids for the construction of concrete curbs and sidewalks on the County road, the offers to be submitted on Monday evening, May 10th, at 3 o'clock.

City Attorney Mansfield reported that he had completed arrangements for the insurance of all city employees under the state industrial insurance laws at a cost of \$297. This action was approved. Reports of the city officers indicated that the expenditures for the city for general expenses were still rather ahead of the income planned for this purpose, the statement of City Treasurer Towne showing that the general fund of the city was overdrawn to the extent of \$63, notwithstanding the fact that a considerable portion of the second installment of taxes had just been paid in. The water system of the city, however, was shown to be keeping up its record of profit, the balance in that fund having been increased to \$3411.97.

According to the reports of City Clerk Plump and Marshal Coleman, the total receipts of the city for the month reached the handsome total of \$5905.80, distributed among the several sources as follows:

Water rates	\$904.25
Water connections	140.00
Liquor licenses	2695.00
Plumbers fees	31.00
Miscellaneous licenses	264.00
Dog licenses	38.00
Engineering fees	1.00
Taxes	1687.50
Improvement Dist. 13	136.35
Improvement Dist. 14	8.60
Plumbing Inspector Barton reported having made eight inspections during the month.	

Acting upon a request from a committee of the Home Company No. 3, that the city aid the funds of the company by the purchase of 25 tickets to the dance to be given on Saturday evening, it was decided that the trustees officially recognize the service rendered by the firemen with a donation of \$25 to the company's funds. Street Superintendent Dickey was given authority to make such repairs to the bridge on Maple street near the railway crossing as would place the structure in safe condition for public use. At the suggestion of Trustee Sampson, chairman of the police committee, Paul Demarini was ordered to appear before the next regular meeting of the council to show why his saloon license should not be revoked. The ordinance requiring the removal of weeds from the sidewalks of the city was given its final reading and adopted, with the intimation that its provisions were to be strictly enforced. A claim of the Roadamite Paying Company for \$49.90 as a balance due from the city for extra street work, was referred to Street Superintendent Dickey for adjustment, the impression of the trustees being

FLOWER CARNIVAL WILL BE BIG SHOW

If the enthusiasm with which the members of the general committee has in charge the work of preparing for Redwood City's big Floral Carnival on May 8th, counts for anything, and good hearty enthusiasm work is what generally counts, the occasion will be one which will stand out as a red letter day in the history of the city.

At the meeting of the committee on Thursday evening the general spirit of optimism which presages success was manifest everywhere. While the report of Mrs. Finkler, chairman of the finance committee indicated that use might easily be found for additional funds, it was made evident that the support given by the people of the city most generous and that there was no lack of appreciation of the importance of the undertaking. While the program committee has not entirely completed its work, it was made evident that there was to be no lack of entertainment, both for the afternoon and evening. One of the special features of the day will be the participation in the parade and following exercises of the famous company of "Nationals," a body of well drilled young men of San Francisco, who have announced that they are coming with a full company, probably 150 strong. An attractive program of musical numbers for the exercises during the afternoon, as well as splendid music for the dancing in the evening will be provided by the Redwood City Band. It is intended that the evening especially shall be given over to the carnival spirit which will include dancing on Broadway with the usual accompaniment of confetti and sports of this character.

Practically all the fraternal and social organization in the city will participate in the day's festivities. Committees have been appointed from the various organizations and these committees are working in conjunction with the floral committee to make this day one of the most enjoyable in the history of Redwood City. The following committees have thus far been appointed: Native Sons—A. S. Liguori and Henry Beecher. Native Daughters—Mrs. Mary E. Read and Mrs. Sophie Offermann. Fraternal Aid—Miss Pearl George and George McNulty. Relief Corps—Mrs. Norah Hahr and Mrs. Lu Harris. Rebekahs—Mrs. Clark Rice and Miss Edna Christensen. Red Men—Henry Fulcher and A. S. Liguori. Druids—Mr. Daly and Mr. Fair. Foresters—Mr. Lewis and Wm. Lufte. Women of Woodcraft—Mrs. L. Bettin and Mrs. M. DeMartini. As an evidence of their interest in the advancement of the public affairs of this city, the George H. Irving Company has generously donated a lot in Redwood Highlands, valued at \$600. The proceeds of the sale of this lot, tickets for which are now on sale, are to be divided equally between the funds for the Floral Festival, the Redwood City Woman's Club and the Redwood Highlands Improvement Club.

Following is the list of those acting on the automobile parade committee: Mrs. Earl Baird, Mrs. James Eva, Mrs. T. J. Schuyler, L. P. Behrens, Stuart Frank, C. D. Hayward, Geo. H. Irving, C. G. Landscheidt, Geo. Merrill, J. V. Neuman, Joe Nash, Lee T. Ross, D. R. Stafford, Franklin Swart, A. D. Walsh, D. W. Williams and G. B. Yount. To make this parade a success it will be necessary for each one on this committee to decorate their cars, and to ask every auto owner in this section to enter their cars decorated.

HAMMOND COMPANY CLAIMS JURY VERDICT PREJUDICED

The W. A. Hammond Company on Thursday filed a notice in the Superior Court for a new trial in the case of W. A. Hammond against the San Mateo Planning Mill Company. The new trial is asked for on several grounds, among them being, first, that the excessive damages appearing to have been given under influence of passion or prejudice, second, insufficiency of evidence to justify the verdict, third, verdict against the law, fourth, errors occurring at the trial and excepted to by plaintiffs. The case was tried before a jury in the Superior Court on April second, the jury bringing in a verdict in favor of defendant for \$350. The plaintiff instituted the action to recover the sum of \$4296.35 for lumber furnished the mill company under a certain agreement whereby the parties to the contract were to accept the tally of the Pacific Coast Surveyors. The tally was to be accepted as final by the parties to the agreement. The defendant contended that the tallying was fraudulent and the lumber furnished was inferior, that it was split, weathered and checked, pile-bound, etc.

The lumber was delivered on a barge at San Mateo. In as much as the lumber was received by the defendant, plaintiff contended that that was equivalent to an acceptance. As the defendant incurred some expense in piling, etc., the jury allowed \$350 for such expenses. It is likely the case will be appealed to the Supreme Court. Ross & Ross of this city and H. F. Chadbourne and Mastick and Partridge appear for the plaintiff, while Kirkbride and Gordon of San Mateo represent the mill company.
